I enjoy using various web technologies to create fun and intuitive products that solve users' problems. I'm looking for ways to improve my technical skills while contributing value to my employer and learning about new and emerging IT trends.

Skills

- Next JS
- React JS
- MongoDB
- Node JS
- Express JS

Experience

Frontend Development Industry Trainee

Brainnest GmbH *Jun 2022 - Present*
- Designed and built static websites, interactive apps and web games, using HTML, CSS and JavaScript

Marketing Executive

Guaranty Trust Bank Plc, FCT Abuja, Nigeria *Feb 2014 - Jul 2015*
- Increased customer acquisition base by 15% through the implementation and maintenance of brand marketing strategies and campaigns.
- Generated 21% return on investment (ROI) within 6 months. This result was achieved by analyzing data repositories to predict customer needs and future behaviour.
- Improved monthly and yearly budget goals by creating interactive dashboards and reports to communicate important KPIs and market trends to team leaders.
