Damilola Bada

I am a web developer and I enjoy using various web technologies to create fun and intuitive products that solve users' problems. I'm looking for ways to improve my technical skills while contributing value to my employer and learning about new and emerging IT trends.

DEVELOPMENT EXPERIENCE

Brainnest, Bremen, Germany — *Frontend Development Trainee*

JUNE 2022 - JULY 2022

- Designed and built static websites, interactive apps and web games, using HTML, CSS and JavaScript
- Improved my logical thinking and debugging skills
- Proved successful working within tight deadlines and fast-paced atmosphere.
- Learned new skills and applied them to daily tasks to improve efficiency and productivity.

PROJECTS

Burger Up! — *Ecommerce website*

- Worked with front-end and back-end development tools to develop a scalable full-stack project.
- A full-stack e-commerce website designed for a burger restaurant
- It was built with Next JS, REDUX Toolkit, Mongo DB, Toastify and custom CSS.
- Live Link: https://burger-up.vercel.app/

Prizm — *Company website*

- A landing page for a photography company designed with Next js and Tailwind CSS
- Live Link: https://prizm-lp.vercel.app/

WORK HISTORY

Guaranty Trust Bank Plc, Nigeria — *Marketing Executive*

FEB. 2014 - JULY 2015

- Increased customer acquisition base by 15% through the implementation of new marketing strategies.
- Generated 21% return on investment (ROI) within 6 months through data analysis.
- Improved the communication of KPIs to team leaders using interactive dashboards and reports.
